

ESD COMPLIANCE VERIFICATION TECHNICIAN TO TR53®

2026 Schedule

Expanding Access to Education & Certification

EOS/ESD Association, Inc. is committed to broadening opportunities for professional education and certification. Stay tuned for upcoming programs such as the **ESD Program Development and Assessment Seminar** (aligned with ANSI/ESD S20.20), the new **Site Coordinator Certification**, and the **Program Manager Certification**. Additional programs are also available, reflecting our ongoing mission to provide progressive learning opportunities.

ESD Compliance Verification Technician Program

EOS/ESD Association, Inc. created the ESD Compliance Verification Technician certification based on the technical report ESD-TR53®: Compliance Verification of ESD Protective Equipment and Materials.

Unlock Your Expertise with TR53®

Enroll in our TR53® course, taught by seasoned industry experts. This interactive program blends practical applications with essential theory, equipping you with the knowledge and skills needed for success. Gain confidence and elevate your career with step-by-step expert guidance.

Hands-On Training that Sets the Standard

Get practical, hands-on experience using industry-standard equipment in the TR53® course. Every session emphasizes application, ensuring you can confidently perform compliance verification in real-world situations.

ESD COMPLIANCE VERIFICATION TECHNICIAN TO TR53®

2026 Schedule

Validate Your Skills with Certification

The TR53® course concludes with a rigorous assessment, requiring participants to demonstrate proficiency in performing accurate testing using TR53®. This evaluation ensures that your certification represents true competence. Earn a credential that makes your expertise stand out!

Learning Objectives

- After completing this training, participants will be able to:
- Understand the fundamentals of electrical theory and electrostatics, and their relevance to an ESD Control Program.
- Explain what compliance verification is and how it supports an effective ESD Control Program.
- Interpret the requirements of ESD TR53®-01-22 and apply them to compliance verification practices.

Who Should Attend?

Professionals needing practical knowledge of ESD TR53®-01-22 Quality Engineers, Consultants, Technicians, Sales and Application Specialists.

Prerequisites

Participants should review ESD TR53®-01-22 before starting the course and keep it accessible during training for reference.
