

EOS/ESD Manufacturing Symposium in China

Hilton Garden Inn, Shanghai, China
May 21-24, 2019

The EOS/ESD Association is organizing the EOS/ESD Manufacturing Symposium China. The EOS /ESD Manufacturing Symposium in China is focused on discussing issues and providing answers to electrostatic discharge in electronic production and assembly.

Call For Presentations

Abstract Submission Deadline March 15, 2019

Submission Instructions

Your presentation abstract (two slides including reasonably sized figures) must clearly present the data and the significance of the results. Please e-mail your presentation abstract including title, author affiliation, and e-mail address to info@esda.org by March 15, 2019 (Friday) deadline. Notification of acceptance will occur by March 29, 2019. Final, full presentations for EOS/ESD Manufacturing Symposium in MS PowerPoint® format must be received by **May 6, 2019**. These MS PowerPoint® slides will be included in the presentation handout that will be distributed during the Symposium. There will be no published proceedings of the Symposium. Technical papers that have been previously published may be considered.

For more information and registration please visit the ESDA website at www.esda.org/manufacturingsymposium/

Please visit the web page at <http://www.esda.org/manufacturingsymposium/> for regular updates on the Symposium. As it becomes available, we will post information on the full technical program including tutorials, seminars, technical sessions, discussions, workshops, and exhibits.

*Mark
Your
Calendar!*

EOS/ESD Manufacturing Symposium would like you to consider presentation abstract submission topics such as:

I. EOS/ESD Factory Level and Materials Technology

- Packaging and Handling
- Case Studies, Reviews and Analysis
- Test Methods and Procedures
- Troubleshooting Techniques
- Air Ionization and Uses
- Facility Design
- ESD Shunting Packaging Technology
- ESD Control Materials
- ESD Detection and Measurement Techniques
- Management Issues (cost/benefit analysis etc.)

II. EOS/ESD Standards – Components, System, Factory, & Materials

- Test Methods and Procedures
- Standards - Comparisons and Analysis
- ESD Control Program Development
- Case Studies
- Round-Robin Testing, Results, and Analysis

Management Chair:
Junjun Li, IBM Corporation

Local Chair:
Tay, Chin Siang, Canmax
